| Sugar | 0,7gr/L |

WINEMAKING AND AGING

The grapes from the Favaios plateau were subjected to a phytosanitary control and screening.
After staking, they were slightly crushed and subjected to cold maceration for 24 hours in a stainless steel tank.
After pressing the must was decanted at 8 degrees for 48 hours and 100% fermented in stainless steel vats at 14 degrees for 30 days.

TEST RESULTS

Color – bright citrus;
Nose – tropical aroma, with a predominance of passion fruit notes;
Mouth – elegant wine, with good volume and structure, where they dominate citrus and mineral notes, has balanced acidity and a good persistence.

CONSERVATION

Color – bright citrus;
Nose – tropical aroma, with a predominance of passion fruit notes;
Mouth – elegant wine, with good volume and structure, where they dominate citrus and mineral notes, has balanced acidity and a good persistence.

CONSUMPTION SUGGESTIONS

This wine is ready to be drunk right after the bottling.
It can be kept in a dry and cool place, avoiding too much direct light.
